

**Orion Mobility and Runzheimer International Conduct 6th Annual Relocation Tax, Policies and Procedures Seminar for Federal Agencies to Discuss and Help Implement Cost Savings Measures**

*Each year, the U.S. Federal Government spends approximately \$800 million to relocate civilian employees. The majority of relocation expenses are taxable to relocated employees and about 20 percent of that total is most likely paid out in Relocation Income Tax (RIT) allowances. Executives and Managers from many Federal Agencies learned how to reduce employee relocation costs and the administrative burdens associated with relocation programs by using the techniques and processes presented.*

December 14, 2007 -- Orion Mobility and Runzheimer International want to extend our thanks to the many government, relocation, tax and payroll professionals that attended our 2007 Conference this week to discuss key changes in legislation and to provide a blueprint for managing Federal relocation programs.

Held at the Holiday Inn Rosslyn, Washington, DC., this year's seminar topics included:

- New 2007 Relocation Tax & Withholding Issues (David S. Oltman, CRP - CEO, Orion Mobility - Wilton, CT)
- New Legislative/Regulatory Changes in Federal Relocation Guidelines (Henry Maury - Senior Program Analyst, GSA, OGP - Washington, DC)
- Government Relocation Landscape Update (Julie L. Blanford - Manager, Mercury Associates - Paris, IL)
- Relocation Real Estate and the "Sub Prime" Mess (John L. Heithaus, CCO, Orion Mobility - Washington, DC)
- relovIEWSGOV™ - Federal RTA/WTA and SF1012 Tools (John L. Heithaus, CCO, Orion Mobility - Washington, DC)

Free copies of the Power Point presentations can be downloaded at [www.orionmobility.com/gso7.html](http://www.orionmobility.com/gso7.html) for your reference. Of primary importance is the set of tools we offer with relovIEWSGOV™ to immediately help any Government Agency, from Federal to Quasi-Federal and Independent. The tables will be updated with the 2007 RTA data when released by the GSA (February 2008) at no additional charge. The program can be hosted by Orion or on your servers if required.
