

Worldwide ERC® Awards CRP® Designation to Orion Mobility's Kelly Boilla and Laura Guion

Two members of Orion Mobility's team, Kelly Boilla and Laura Guion, have earned the Certified Relocation Professional (CRP®) designation, joining a prestigious group of relocation professionals around the world.

June 21, 2008 -- Worldwide ERC®, a professional membership association comprised of individuals concerned with domestic and international employee transfers, recently announced that two Orion Mobility associates, Kelly Boilla and Laura Guion, have earned the Certified Relocation Professional (CRP®) designation after successfully completing the CRP® exam.

The CRP® program was introduced in 1990 to formally recognize Worldwide ERC® members' knowledge of the entire relocation industry, and requires awareness of residential real estate and appraising, corporate relocation policies and issues, relocation tax and legal issues, and family relocation issues. To date, over 4,500 Worldwide ERC® members hold the designation. In addition to maintaining Worldwide ERC® membership, each CRP® must earn 30 re-certification credit hours within each three-year period following certification to maintain their designation.

David S. Oltman, CRP, Orion Mobility's co-founder and President, said : "We're all very proud that Kelly and Laura have been awarded this important professional designation, as a means of measuring and recognizing one's knowledge of the industry processes, policy and solutions. Commitment to the CRP® program shows that the designee strives for a higher level of education in this significant industry, and understands that CRP® certification is an essential tool for the relocation professional who must navigate in today's dynamic business place. We honor this new "class" of CRP® recipients, and especially Kelly and Laura, for their accomplishment as they join other Orion Mobility employees with the CRP® and SCRCP® designations."
